BOTANICAL

Blur the boundary between inside and out with our lush new Botanical theme, a contemporary take on the traditional garden room with a cool industrial edge. Highlights include the Moretti furniture collection, sleek tables and benches topped with tactile Italian slate and the Moresby storage, an on trend mix of iron, glass and wooden surfaces. Pops of fresh, verdant colour come from leaf and fern etched glass hurricanes and vases, which contrast perfectly with textured resin urns, bowls and planters. Our growing collection of faux plants bring this theme to life, from delicate hanging fern balls to stunningly realistic potted fig trees and firs, perfect for bringing the uplifting feel of the garden inside.

LUXE

Reflective surfaces, polished silverware and muted metallic tones are joined in Luxe this season by natural materials to give the theme an elegant new organic twist. The Ecclestone leather furniture collection is the ultimate in indulgence and sits perfectly with Luxe. Agate tables sit perfectly beside our shell curved grey velvet Sasha sofa and our Aleena tray, made from a slice of agate, is the perfect addition to any coffee table. Glamourous lighting continues as a highlight in Luxe, and our delicate Waterfall chandeliers with their shimmering strands are the perfect finishing touch to this sumptuous, evolving theme.

MONOCHROME

Monochrome introduces the fashion world's prolific trend to interiors. This year we've introduced an aviation inspired furniture collection named range Duke, a stainless steel cabinet collection finished with smart pop rivets and mounted on square steel legs. Monochrome is perfectly complemented by stunning new European smoked glass, black and white geometric patterned ceramics and the striking black and white bone Humbug collection.

HOMESTEAD

With its mix of industrial metal, pale wood and natural fabrics, Homestead injects a hint of African safari into a scheme. The theme is given a more tribal feel this year with the inclusion of ribbed brass vases, animal hide cushions and decorative nuts and fruits from Nigeria. A beautiful buttoned linen covered sofa is given a fresh look with the addition of contrasting goat hide bolsters. Tribal Ikat patterned fabrics turn occasional chairs into statement pieces and oversized animal heads are the perfect wall accessory to complete the look.

FUSION

Decorative embossed metal finishes on furniture and accessories are key to Fusion, adding texture and ornate detail to the theme. Our new Coco collection of furniture features cabinet furniture and a truly sensational pedestal dining table with intricate hand etched top which would be the focal point of any dining space. Namala etched accessories include photo frames, pendant lights, storage and candle ware. Soft lighting makes the metal finish come alive and we have added these in either aged brass and antique nickel.

PEARL

Pale pink and dove grey combine in Pearl to create a romantic and subtly feminine theme. Furniture collections feature floral patterns in hand embossed metal and artisan-crafted bone decorated cabinet and tables in grey and white. Uniqueness is assured by the very hand crafted nature of these products. Pearl is made more elegant with the inclusion of our growing collection of faux flowers. The theme also features unusual materials like Selenite from Morocco, a type of mined mineral, sculpted into exquisite hurricanes and tealights. Lighting is delicate, featuring mercury glass pendants and our beautiful Limegrove chandelier featuring hundreds of pearly white glass beads.

COASTAL

This relaxed, laid back look, composed of pale Ash furniture and natural fabrics, is inspired by the muted tones along our shoreline. We have introduced an extensive collection of beautifully shaped glass in shades of soft blue, amber and grey which add subtle colour. Burmese bamboo lanterns and accessories in natural tones or with added whitewashed blue or white add a hint of seaside splendour and are perfect for alfresco entertaining. We believe our classic coastal look creates an oasis of tranquility.

SAVOY

Glamorous and flamboyant, Savoy is the epitome of luxury. Embossed gold finishes, mirrored surfaces and flowing velvet upholstery combine to produce a theme which is elegant and unmistakably inspired by the Art Deco era. Gold is in abundance here on embossed consoles and extravagant palm lamps. Contemporary sculpture and intricate ceramics provide the ideal finishing touches as bold statements which add movement and drama.

LIBRA HERITAGE
SINCE 1972

Libra was the result of an epic journey across the globe to India. Joe and Christine McLaughlin left the UK in 1969 on a three year journey which would take them via Portugal to Afghanistan, Pakistan, India, ending in South Africa in 1971. They collected antiques and artefacts along their journey which they sent home.

Upon returning to the UK they began selling their wares to independent retailers. And so Libra was born. Four decades on, our family owned business aims to inspire our customers through passion, knowledge and instinct, providing them with beautifully crafted products that sell.
