Heta Inspire 40 Flat Wall Insert Matt Black

Outstanding Multifuel Stoves Remarkable Danish Quality

The Danish designed Heta Inspire range of multi-fuel stoves offer a beautiful modern design, unparalleled levels of performance. Produced by Heta, one of Denmark's leading stove manufacturers. The Inspires are the perfect choice where top quality, great looking and very efficient stoves are required for your home and fireplace. The diverse range has a model for all your heating needs. From low or high free standing, to an insert, in a hearth or wall model. Let the choices inspire your next wood stove.

Heta Inspire 40 Insert

Expanding the Inspire range, is the Inspire 40 insert. Installed on a hearth or in a wall, this Inspire series wood stove will not disappoint. Heta's Clean Burn Combustion, controlled by a single air lever allows you to enjoy the magical flames, through the clear portrait glass. Perfect for smaller rooms or creating a cozy atmosphere in any dwelling. Designed for the traditional U.K. installation, the Inspire 40 insert has two stylish frames to choose from for the hearth mounted or wall models. Fancy a little style, choose from nine traditional enamel colored doors.

Heta Inspire 45 Matt Black

Heta Inspire 45

The Inspire 45 offers a remarkable 84% efficiency and is designed to burn wood or smokeless fuel and provides a beautiful view of the fire burning impressively through the wide cast iron door. Watch in wonderment as the flames gently twist and turn and lazily disappear out of the fire box as the wood fuel gently crackles and burns whilst enjoying the beautiful warming and controllable heat that this stove produces.

Features include a single lever air control to give an accurate and precise control of the fire. Heta's CLEAN BURN combustion technology, secondary air wash to keep the glass spotlessly clean, riddling cast iron grate.

Robust 5mm steel construction with cast iron door and fitted with fresh air supply to allow the stove to be fitted directly to an outside air supply. Perfect for installation into highly insulated homes.

Heta Inspire 55 Matt Black

Heta Inspire 55

The Inspire 55 is the newest model to the Inspire series. Combined with the same modern stylish design of the Inspire 40 and 45. The larger viewing window creates the perfect setting, to view the CLEAN BURN combustion, thanks to Heta's warm airwash technology. The glass is set in a Heta embedded cast iron door, also available enamelled in 9 different colours.

This multi-fuel stove boasts 80% efficiency, while putting out 6,3 nominal kW (range 4,5kW to 10kW). Features of the Inspire 55 are, wide fire chamber to fit 50cm logs, single lever air control for efficient and effective burning and a cast iron riddling grate. The Inspire 55 also has the ability to be fitted with a fresh air supply, for new homes or where required.
